

To **Dated:28.01.2026**  
The Secretary  
Andhra Pradesh State Council of Higher Education (APSCHE)  
Mangalagiri, Guntur District – 522503  
Andhra Pradesh

Respected Sir/Madam,

**Sub:Seeking Permission to Conduct Viksit Bharat Fellowship – 2026 in All APSCHE Registered Colleges and Universities-Reg.**

**Ref:**

- 1.**Endorsement proceedings issued by the Hon'ble District Collector, Guntur dated **22.01.2026**.
- 2.**Submission of Detailed Project Report (DPR) by Bharath Cares Life Line Foundation.
- 3.**DPR submitted to the Chief Secretary / Secretariat Office, Government of Andhra Pradesh.

**Sir**

I hope this letter finds you in good health and high spirits.

**Bharath Cares Life Line Foundation**, respectfully submit this letter seeking the kind support and guidance of the Andhra Pradesh State Council of Higher Education (APSCHE) for the implementation and circulation of the **Viksit Bharat Fellowship – 2026 for Computer Science Engineering (CSE) students** across colleges in Andhra Pradesh.

The **Viksit Bharat Fellowship – 2026** is a future-focused, skill-oriented, and fully digital fellowship program designed in alignment with the national vision of **Viksit Bharat @ 2047** and the **Andhra Pradesh Government's P4 (Public–Private–People Partnership) Model**. The fellowship aims to bridge the gap between academic learning and industry-ready skills by providing structured training in emerging and next-generation technologies such as **Quantum Computing, Cloud Computing, and Mobile Application Development**.

A key highlight of this fellowship is its strong alignment with the **Andhra Pradesh Government's Quantum Valley Initiative**, preparing CSE

students for advanced research, innovation, and participation in India's evolving high-technology ecosystem. The program includes structured digital training, online examinations, hands-on practical projects, and internship opportunities.

## **Internship & Monthly Stipend Structure**

As part of the fellowship, qualified students will be provided with a **performance-based monthly stipend** during the internship phase, based on their examination scores, as detailed below:

- **50% – 69%** : ₹1,000 per month
- **70% – 79%** : ₹1,500 per month
- **80% & Above** : ₹2,000 per month

This stipend structure is designed to encourage academic excellence, consistency, and skill mastery among students.

Through this fellowship, we aim to:

- Enhance employability and innovation capacity of engineering students
- Support state and national digital and emerging technology missions
- Create a skilled and responsible youth workforce aligned with public digital infrastructure and national development goals

In this regard, we humbly request the Andhra Pradesh State Council of Higher Education to kindly:

1. **Permit / recognize / support** the Viksit Bharat Fellowship – 2026 as a skill-development initiative for CSE students, and
2. **Circulate the fellowship information** to engineering colleges under APSCHE for wider student participation.

We firmly believe that this initiative will add significant value to higher education institutions, students, and the state's long-term technological growth.

We shall be highly grateful for your positive consideration and support. We are ready to submit any additional information, detailed syllabus, or presentations as required by the Council.

Yours faithfully,

Director Bharath Cares
